

## CONGOLEUM Gold Seal ART-RUGS

When you see these rugs spread out on our floor, you'll surely exclaim at the surprising beauty and wonder at the low prices.

Yet they are nice enough to be used with good taste wherever a medium-priced fabric rug would be appropriate—in the bedroom, the dining-room, the living-room, etc.

The surface is hard and non-absorbent. They never need to be swept or beaten—just clean them with a damp mop.

They lie flat without fastening of any kind.

All CongoLeum Gold-Seal Art-Rugs are guaranteed to give complete satisfaction. You will find the Gold Seal on any CongoLeum Rug you buy from us.

We are showing a very complete assortment in the following sizes and prices:

9 x 12 Gold Seal Art Rugs	-----	\$19.00
9 x 10.6 Gold Seal Art Rugs	-----	\$16.65
7.6 x 9 Gold Seal Art Rugs	-----	\$11.95
6 x 9 Gold Seal Art Rugs	-----	\$ 9.95

## AMALGAMATED SUGAR COMPANY AND FARMERS REACH AGREEMENT UPON PRICE TO BE PAID FOR SUGAR BEETS

The Amalgamated Sugar company, at the meeting of the board of directors today, announced the payment of an additional price for sugar beets to conform with the price of sugar. The initial payment will be \$12 per ton as was announced January 29, but if the price of sugar in November and December of this year exceeds \$12 per hundred pounds, the company will on February 10, 1921, make the additional payment for beets delivered in the Ogden and Cache valley districts during the season of an amount per ton of beets equivalent to the amount per hundred pounds of sugar, which such average base price exceeds the \$12.00 price named above.

The company feels that much good has been accomplished and a better understanding than heretofore has been arrived at during the discussion with the representatives of the growers and earnestly hopes that they may appoint a committee in the early future to start discussion on next year's contract so that some of the differences, which could not be satisfactorily adjusted this year, may be happily settled before next year's contract is issued.

Sincerely yours,  
THE AMALGAMATED SUGAR CO.

## CAMPAIGN OF EDUCATION FOR DAIRY FARMERS, CREAMERY MEN AND RETAILERS BEGINS SOON

A strenuously conducted campaign of education of the dairy farmer, the creamery proprietor, and the retailer of the Ogden City milk supply is to begin very shortly, according to John Felt, dairy inspector of the city board of health. This campaign is to be carried through with the co-operation of J. B. Dorman, federal dairy inspector of Salt Lake City, and has for its aim the perfecting of a system whereby every buyer of milk in the city of Ogden may be assured that wherever he buys he will buy nothing but pure milk.

**Inspector to Have Jurisdiction**  
"At present," said Mr. Felt, "the dairy inspector has no jurisdiction on the farm where the milk is produced, if the farm is outside the city limits. If the farmer cares to he may order us off his place and he will be perfectly within his rights. Consequently the duties of our division are made more difficult because anybody who has milk to sell to a creamery wholesale house may sell it if the wholesale house cares to buy. Our jurisdiction is within the city only and of course within those limits we do our work, but we are attempting to arrange matters with the county so that after having gone very thoroughly into all the phases of dairy questions we may be able to frame an ordinance which will commend itself to the city commissioners and be passed, and which will stipulate that before any dairyman can sell milk to a house in Ogden or participate in the milk trade of this city his place and cattle must be inspected. If the inspection proves to be satisfactory he will then be issued a permit to sell milk and that permit will only be held subject to the passing of the monthly inspections which will be carried out thoroughly by this department. The weakness of our present position is entirely due to the fact that we have no such comprehensive ordinance as the one which we propose very carefully to study before it is introduced to the consideration of the city commissioners. Only by having access to the dairy farm and thoroughly inspecting the sources of the city's milk supply can we hope to do the class of work in this division of the health department which is called for by an up to date idea of what a city is and how its general welfare should be looked after."

## "SILK HUSBANDS AND CALICO WIVES" AT UTAH SUNDAY

"Silk Husbands and Calico Wives," Equity Pictures' Special production starring House Peters, which is to be shown at the Utah theatre Sunday and 2 days will be highly interesting to local moving picture devotees for a number of reasons. The picture is based on Monte M. Katterjohn's popular novel of American life, a thoroughly and intensely modern story dealing with both country and city. No finer or truer to life picture has ever appeared on the screen—it is intensely absorbing and timely with a beautiful love story running through it. The story depicts vividly the struggles of two young people making their start in life from the country. They are full of the enthusiasm of youth and are thrilled in their call of the great city, when the offer comes to go to New York. What the tumult of the metropolis makes of them, this strong man and woman who, in the midst of all their struggles to establish themselves have found romance and a great love is the big human theme of "Silk Husbands and Calico Wives." It is a story that reaches down deep to the heart of every human being, and starts folks to talking and thinking.

Vincent Serrano, who played the role of the Yogi in "Eyes of Youth," will be seen in a prominent part, Sam Sothern, also seen in the "Eyes of Youth," will be seen in a prominent part. The picture is a most absorbing of screen stories.

"The Honey Bee" has a complete knockout. You'll see some picture. Alhambra tomorrow.

**Felt a Veteran Dairyman**  
Mr. Felt, who has been dairy inspector for the city since the first day of this month has had a long practical experience in the dairy business, having delivered the first shipment of commercial cream into Ogden for William Raymond in 1889. From 1903 to the entrance of America into the world war, Mr. Felt was in the dairy department of Blackman & Griffin company and left to take care of his farm at Huntsville owing to the fact that three of his boys had enlisted in the United States army.

According to Mr. Felt a conference is to be held on Monday at which the federal chief of the western dairy division Mr. Dorman, will be present and every aspect of the Ogden city milk question will be discussed and plans formulated for the successful beginning of the campaign for purer milk.

**OGDEN'S LEADING DENTISTS**  
THE NEW METHOD DENTISTS ARE ETHICAL

We are so ethical that we have adopted every good business method and economy to put dentistry within the reach of everybody. We believe in the ethical idea of Group Dentistry, which means several dentists practicing together under the specialist plan. In this way each man does the kind of work that he is best skilled to do, and the public profits by it, getting not only better dentistry but in less time.

We are opposed to those who have kept the people ignorant of the dangers of neglected teeth. We believe in advertising to educate the people to better care of their teeth.

Wherever there's a Lamp socket

If you are not now doing your own washing, or if you are doing it by the old-fashioned scrub-board method, an AUTOMATIC Washer will more than pay for itself by eliminating an avoidable expense and by making your clothes give four or five times' longer service.

**Clothes Washed at Home with an Automatic Last Longer**

If plain soap and water will not injure your clothes, then the AUTOMATIC Washer will not. By the proved "dolly" method—the simplest and most effective known—the AUTOMATIC gently swishes your heaviest blankets or your flimsiest fabrics through the hot cleansing suds. There's no wearing, tearing or twisting out of shape. In seven minutes they're done—white, fluffy and delightfully clean.

Two hand levers control every operation of the sturdy washer or the strong, reversible, swinging wringer. Both features can be operated separately or at the same time.

Fully guaranteed for one year. We give service on every machine we sell.

450 AUTOMATIC Washers were sold during the first eight days of this special MARCH campaign. The supply is limited. Order your AUTOMATIC now.
